

SIGN BASE :: U-CHANNEL POST

Signs are necessary for communicating to both pedestrians and drivers about their surroundings. Whether temporary or permanent, molded rubber sign base systems from TCT are a perfect solution for increasing vehicle and pedestrian safety. When designing your sign set-up, it is important to keep in mind the accessories that will be needed, including the type of post and anything needed to keep it in place. The sign base systems from TCT are easily customizable and include all the pieces to make sure that your sign base is ready to go the moment you get it out of the box.

FEATURES

- Rigid iron able to support heavy signage
- Most signage easily mounts to this style post
- Comes in lengths of 4', 5' or 6'
- Can be cut to custom length upon request
- Ideal for use in areas with high winds or extreme temperatures
